Adjunct Course Request  
Spring 2010  

Name

- Are you interested in more than one course? (Three course assignments are extremely unlikely and will only happen in cases of emergency assignments very close to the start of the semester.)

Note. If you accept a teaching assignment, it means that you plan to be on campus each teaching day to meet your class.

- Please rank the following courses from the one you most like to teach to the one that you least like to teach. If you absolutely will not teach a course, cross it out.
